

One Million for 100%
Letter-Writing Template

Seven states have already made legislative commitments to 100 percent renewable energy: Hawaii, California, New Mexico, New York, Maine, Washington, and Virginia. If your state has already made a commitment, share this toolkit with friends in other states so we can take this movement nationwide. To learn more about state progress toward 100 percent, check out the [interactive map](#) on our 100% Renewable campaign page.

Letter-writing template:

To (your representative's name),

Hello, my name is _____ and I'm a member of the (city, state) community. I'm writing to express my concerns about our environmental future and to state my support for efforts to transition (state) to 100% renewable energy.

As my (Senator or Representative), I urge you to stand with initiatives and support legislation committing (state) to a 100% renewable energy future, whether that be transitioning away from fossil fuels or investing in clean energy infrastructure.

We should be doing everything we can to embrace clean energy in order to build safer communities, reliable power grids, and a healthier future.

I would like to hear back about my concerns. You may reach me at (phone number) or (email address).

*Thank you for your time,
[Your name]*
