

President Barack Obama
The White House
1600 Pennsylvania Avenue NW
Washington, DC 20500

Dear Mr. President:

The Berryessa Snow Mountain region is the crown jewel of Northern California's wild inner Coast Range. It is one of the most biologically diverse, yet least known regions of California. The area is a dazzling outdoor wonderland rich in unique natural features and loaded with recreational opportunities located less than one hundred miles from the Sacramento and Bay Area metropolitan regions. As a local business owner, I am proud to support permanent protection for Berryessa Snow Mountain.

These public lands stretch nearly one hundred miles from the shores of Lake Berryessa to the flanks of Snow Mountain. This region provides wonderful opportunities to hike, horseback ride, hunt, camp, fish, bird watch, use motorized vehicles in designated areas, enjoy both motorized and non-motorized boating and water recreation, and more.

This area includes thriving blue oak woodlands, red fir forests, creek side habitat, an annual explosion of wildflowers, nearly half of California's dragonfly species, a wealth of butterflies, river otters, trout, tule elk, deer, mountain lions, bears, osprey, and provides habitat to California's second largest population of wintering bald eagles. The Berryessa Snow Mountain region has botanical biodiversity that makes it the center of the California global "hot spot."

Permanent protection of this region will improve economic opportunities for our local economies; increase coordination between federal agencies; provide well-managed recreation opportunities; safeguard the area's natural beauty, sensitive areas, wildlife and rare plants; and ensure the continued use and enjoyment of these lands for future generations.

I support permanent protection for the public lands of the Berryessa Snow Mountain region as a **National Conservation Area** or **National Monument**.

Sincerely,

Sacramento
